

## Riesling Innere Bergen 2023

The Innere Bergen vineyard is situated south of Huettberg, which forms the highest point in Schrattenthal. Here the slopes are steeper and the soils barren and stony. This prime location lies between 270 and 300 m above sea level and faces south. The subsoil consists of granite with a very sparse covering of humus. On this primary rock site the Riesling really shows all its class. Here, too, we have planted out various old selections of Riesling vines.

- › Complex fragrance of flowers and ripe stone fruit, hints of mineralic herbal spices, delicate smoky finishes very clearly stemming from the terroir, boldly lingering on the palate, juicy fruits, vast depth, definitely needs time in the glass, long, powerful finish.
- › Superb accompaniment for grilled meat dishes, goose, duck and wildfowl, or fattier fish such as salmon and catfish, sushi and sashimi, as well as riper white and red mould cheeses.

---

100% Riesling, Austrian quality wine, dry

Handpicked beginning of October,

up to 18 hours maceration time

20.5° KMW (Klosterneuburg most value), selected yeast

Expansion in large wooden barrels and steel tanks
